

a better outlook

STOURPORT MARINA

An oasis for boaters at the top of the River Severn.

Stourport Marina, set in rural Worcestershire near to the top of the navigable River Severn, has associated chandlery, boat servicing, craning, engineering, and a thriving and popular Clubhouse, and is ideally situated for both canal and river boat owners.

There is a good mixture of moored boats, reflecting the proximity to the Midlands canal network, as well as the sea-going tradition of Severn boating.

Stourport Marina is close to the M5 and M42 Motorways, about 20 miles south of Birmingham. Convenient for cruising on both the River Severn and Worcester and Staffordshire canal system, the marina is only five hours cruising from the river Avon and about ten hours from the Bristol Channel, giving cruising potential to the Welsh, Devon and Cornish Coasts.

There are 130 moorings designed to berth wide beam ocean going craft as well as river and canal cruisers. All berths are on a floating pontoon system with water and electricity points. The whole area has security fencing and lighting and is set in landscaped gardens complete with a barbeque area for your personal use to entertain friends and family.

We have a popular clubhouse with a restaurant and bar. The extensive menu is based on good home cooking and offers excellent traditional Sunday lunches at attractive prices. The bar offers a variety of popular beers, lagers, wines and spirits. The deck patio, our latest facility, overlooks the marina where members can sit and have a meal or a drink while enjoying the splendid view. On a warm day you could be anywhere in the world!

After a days cruising, you can enjoy an evening dancing, disco, or light entertainment most weekends of the year.
