

a better outlook

UPTON MARINA

A beautiful garden setting near attractive and popular Upton upon Severn

On the mighty River Severn, Britain's longest river, lies Upton Marina. South of historic Worcester and north of Tewkesbury, Upton Marina offers secure pontoon and bankside moorings for all types of craft, with hardstanding storage space and visitors berths, where you may take advantage of all the modern facilities you would expect from a large, well equipped, modern marina. It is also home to a fleet of holiday hire boats, the local Sea Cadets and Upton Rowing Club.

Cruising on the Severn opens up a wide variety of itineraries since it stretches 58 miles from Sharpness to Stourport and forms part of the Avon Ring linking the Worcester and Birmingham, Staffs and Worcs canals. It is possible to reach Stratford-upon-Avon and moor up opposite the Shakespeare Theatre. In fact there is hardly anywhere in the country that cannot be reached from Upton upon Severn by inland waterways. For more adventurous cruising southwards, it is a day's run to the Bristol Channel and open waters. The river is beautiful and secluded in summer, but in winter can rise 15ft or more and is of course famous for the Severn Bore.

Opposite the marina lies Upton-upon-Severn, a delightful town with a wealth of fascinating old timbered Tudor and early Georgian buildings. It is also packed with good pubs and shops. As venue to local music festivals and inland waterway rallies, there is always plenty going on.

Boat Sales

Walton Marine operate a very active new and used Boat Sales Department. There are dedicated Sales Pontoons in the marina and regular Used Boat Shows are held here, as well as frequent appearances at the top boat shows. Help and advice is always available with insurance, tuition, licences and finance, with special help for first time buyers. Always available are Sales Packs for vendors, Brokerage Lists for purchasers and a range of Fact Sheets to help answer the most commonly asked questions.

Contact Walton Marine Ltd. on 01684 593111.

Marina Facilities

There is a new 18 ton slipway hoist. This can lift large cruisers and is of great help for test launches, surveys and repair work. Boats can also be taken out of the water in the winter for hardstanding storage.

There is a marine engineering company on site who can help with all servicing and boat maintenance work.

A well stocked Chandlery provides for all the boating bits and pieces you could possibly want. It is linked to the Service Department which is a full Volvo Penta, Honda and Mercruiser dealer.

There is a popular Club House at the Marina for moorers and their friends and families. Hot and cold food is available and, apart from the purely social side, RYA courses are held here.

Moorers have access to showers and toilets, waste disposal, pump out facilities and the slipway.

There is ample car parking and the M50 and M5 are only five minutes away.
