

a better outlook

THAMES & KENNET MARINA

Two Marinas in one secure yet popular location

A superb modern Marina, comprising the Cruiser Marina and the Narrowboat Marina, in a quiet secure location alongside the River Thames junction with the Kennet and Avon Canal. The road entrance to the Marina, through two sets of security gates and across the nature reserve, is just off the Reading to Henley road. Access by boat is direct from the main River Thames, just downstream of the junction with the Kennet and Avon Canal.

The pontoon facilities are state of the art, with floating pontoons, lighting, water, and safety equipment throughout. Excellent toilet and shower facilities are available at both marina basins. A launderette is also available to moorers. Mains electric and telephone connection is available to every berth. Services include WC pump-out, diesel, wireless internet and hoisting facilities in the adjacent yard. Security is robust, with two road barriers, and gated access to the pontoons. The Marina is open seven days a week for viewing, so please pay us a visit and see our award-winning facilities.

Cruising locally offers a tempting choice of beautiful Thames-side villages including Sonning, Shiplake, Pangbourne, Goring, and Stratley. And the larger town of Reading is close by for shopping. The Redgrave Pinsent Rowing Club is in an adjacent lake.

Chandlery

A well-stocked Chandlery offers a range of boating equipment, to suit most day to day requirements, as well as coal, gas and electric cards. Diesel and pump-out can also be obtained via the Chandlery.

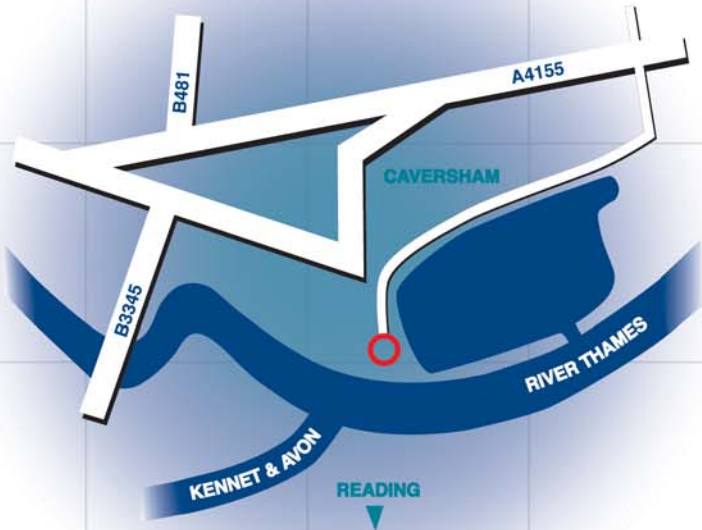

Boat Sales

We have a successful boat sales operation on site selling new and used cruisers, narrowboats, wide beams, Dutch barges, both GRP and steel. A wide selection of craft is always available. Please feel free to come for viewings and a good boat chat; we happily offer advice and useful information. Also offered is a full brokerage service to vendors so please call or visit to discuss your requirements.
